This bill would allow the Secretary of State (SOS) to notify corporations of filing requirements by electronic mail, if available. The bill would also require the SOS to certify to the Franchise Tax Board (FTB) that a corporation, formed as an association to manage a common interest, is no longer suspended for failing to file required statements after the corporation has been revived.

Currently, the SOS and the FTB exchange information on suspended and revived corporations. As a result, this bill would not impact the department's programs and operations or state income tax revenue.
